

4th MASTERCLASS IN ARTHROPLASTY SURGERY
MIS HIP & KNEE ARTHROPLASTY & RELATED TECHNOLOGY: CURRENT
CONCEPTS

Friday, December 1st 2017

11.00-12.00	Registrations
12.00-13.00	KNEE ARTHROPLASTY <ul style="list-style-type: none"> • Uni-compartmental knee: fixed or mobile bearing Nikolaou V. • MIS knee arthroplasty reality or Myth Chronopoulos E. • Varus & valgus balancing Tsikandylakis G. • Pain and blood management current concepts Giannakos A. Panel discussion
13.00-14.00	<ul style="list-style-type: none"> • Revision TKA: tantalum cones vs DFR Ioannides G. • Infection TKA: microbial profile and antibiotics Malizos K. • TKA DVT prophylaxis: current concepts Sayegh F. • Managing TKA stiffness post op Koukoumbis Th. Panel discussion
14.00-15.00	<ul style="list-style-type: none"> • Managing TKA instability post op Petsatodis G. • Registry results for Unis vs TKA Nikolaou V. • Tribology updates on TKA polyethylene liners Poultides L. • TKA after tibial osteotomy Darmanis S. Panel discussion
15.00-15.30	Light lunch
15.30-18.30	revision TKR saw bones training
12.00-18.30	VR THA MIS practical training (Hall B)

Saturday, December 2nd 2017

09.00-09.45	HIP ARTHROPLASTY <ul style="list-style-type: none"> • MIS Direct Anterior Macheras G. • MIS Anterolateral Digkas G. • MIS Superpath Drosos G. • MIS Direct Superior Tsiridis E. Panel Discussion
09.45-10.45	<ul style="list-style-type: none"> • Advantages of MIS THA Giannakos A. • Complications MIS THA Sturridge S. • Robotic Navigation MACO-plasty THA current concepts Poultides L. • Monoblock Vitamin E sockets for primary THA Chronopoulos E. • VR training in MIS THA the way forward Kenanidis E. • FEA Modeling Analysis and THA Moazen M. Panel Discussion
10.45-11.30	<ul style="list-style-type: none"> • Dual mobility in young patients and revision cases Epinette J.A. • Classification Paprosky for socket and femur Sturridge S.

	<ul style="list-style-type: none"> • Tricks to remove the socket Sayegh F. • Tricks to remove the stem Tsikandylakis G. Panel Discussion
11.30-12.00	Coffee Break
12.00-12.45	<ul style="list-style-type: none"> • Reconstruction using TM augments for socket Digkas G. • Reconstruction of the femur: IG or Uncemented long Schreurs B. • Jumbo revision TM sockets: Cup on Cup technique Darmanis S. • Cement in cement revision Charity J. Panel Discussion
12.45-14.00	<ul style="list-style-type: none"> • Immunoallergy and ALVAL in modularity Epinette J.A. • Periprosthetic fractures acetabulum and femur Charity J. • Late Infection Management and mortality Overgaard S. • Dutch hip results (Hip) Schreurs B. • Danish Registry Results / Overview Overgaard S. • Arthroplasty Registry Thessaloniki- Registry Results Kenanidis E. Panel Discussion
14.00-15.00	Light lunch
15.00-18.00	revision THA saw bones– Exeter Hip practical training
09.00-18.00	VR THA MIS Practical Training (Hall B)

Sunday, December 3rd 2017

09.00-10.00	Exams-Icaros Fellowship
10.00-14.00	Video surgery MIS Hip and Knee & Revision challenges <ul style="list-style-type: none"> • Video live Surgery MIS Direct anterior Macheras G. • Video live Surgery MIS Anterolateral Digkas G. • Video live Surgery MIS Superpath Drosos G. • Video live Surgery MIS Direct Superior Tsiridis E. • Video live Surgery TKA revision Tsiridis E. • Video live Surgery Socket reconstruction Cup on cup and TM Tsiridis E. • Video live surgery femoral reconstruction Tsiridis E. • Video surgery cement in cement, cemented hip Exeter Charity J. Panel: Chronopoulos E., Nikolaou V., Darmanis S., Petsatodis G., Sayegh F., Sturridge S., Schreurs B., Epinette J.A., Overgaard S., Poultsides L.
14.00-17.00	Cementing and spacers training
09.00-13.00	VR THA MIS practical training (Hall B)
